

## CNG (Compressed Natural Gas)

AFVTech is committed to the longevity of the Alternative Fuel Vehicles, Natural Gas and Propane vehicle fleets here in Arizona. We currently service the largest Taxi fleets in Phoenix, Tucson and local utilities. If you have a fleet of CNG or Alternative Fuel Vehicles and you are not happy the current service and maintenance they are receiving, call us, to discuss your available options. AFVTech is proactive in CNG maintenance, conversions and consulting. Combined AFVTech has over 13 years of experience in the Alternative Fuel Vehicle Business.

Area services:

- CNG Conversions
- CNG Maintenance
- New vehicle purchasing
- LPG Repair
- Power Generation
- Ice Resurfacing equipment (Olympia and Zamboni)
